Antique Boat Show Judging Guidelines

- **All entries to be judged, including the Land Displays, must be in operable condition.**
- Please Register Early – In-water berthing is limited.
- **Registration Deadline: July 16th** – entries submitted after July 16th will incur a \$25 late fee.
- Please note any special requests about docking on your registration form. We will do our best to accommodate you.
- No commercial vendors allowed on the waterfront campus of the Museum.
- All entrants should bring adequate lines and fenders. Weather on the River can be severe. Your boat is your responsibility.
- Security will be provided on museum grounds and dock areas Thursday - Sunday from 7:00 pm to 7:00 am. Once the day's events are completed and the evening gates are secured, no one will be allowed on the museum grounds without authorization of the on-duty museum staff. In the case of severe weather, the professional guard service will allow only owner access to the registered boats.
- **Note: Up to 2 bonus points may be awarded for attractive documentation designed to help viewers learn more about your boat's history.**
- Please send us a photograph of your boat with your application. Photographs are used in our Boat Show Program and to help the judges and volunteers to locate you during the Show. **Photo deadline: June 1**
- No "For Sale" signs allowed on a boat. A "For Sale" board will be available on the grounds.
- Smoking is prohibited on site, in buildings, on grounds, at docks.
- No dogs are allowed on site.
- All entries should remain on display until The Award Ceremony on Sunday afternoon for the benefit of our spectators who visit the show on Sunday.

Preserved or Restored?

For a wooden boat to be considered "Preserved" it must retain at least 60% of the original planks and other hull and deck material, not including the bottom.

Owner's categorization will be accepted unless the judges find cause to determine otherwise, in which case the Chief Judge's determination will be final.

Preserved/Restored does not apply to contemporary classifications.
