

Antique Boat Museum Job Description

JOB OPENING PENDING PROGRAMMING APPROVAL

Title: **Boat Builder Intern**
Part-time, Seasonal/Based on less than 40 hrs per week
Hourly Non-Exempt
Job Runs: June through July

Reports to: **Educator**

Job Description

Work as an apprentice to the Museum's boat builder in residence. The position will learn the traditional techniques of wooden boatbuilding, including everything from lofting, to planking and ribbing a boat, to installing decks and applying varnish.

Responsibilities

Self-motivated individual willing to take direction from boat builder in residence.

The candidate will be committed to the Museum's mission to work as a team to preserve the region's maritime history and learn the boatbuilding skills for the next generation.

Ability to work in highly public setting in which Museum visitors will be present. May be required to answer questions.

Skills

Interest in the craftsmen trades as demonstrated by completing courses in carpentry, building maintenance or any of the construction trades.

Prior experience in boatbuilding is not required, but candidates must have the drive to obtain professional level skills in the construction and repair of wooden boats.

High school student attending a North Country high school or be a recent graduate.

Must be flexible to work weekends and holidays as scheduled and as needed.

How to Apply

Application materials due April 17, 2017

E-mail resume, cover letter, and three references: drantanen@abm.org

Or mail to: Antique Boat Museum
